

LUXE, EXCEPTION, TRADITION

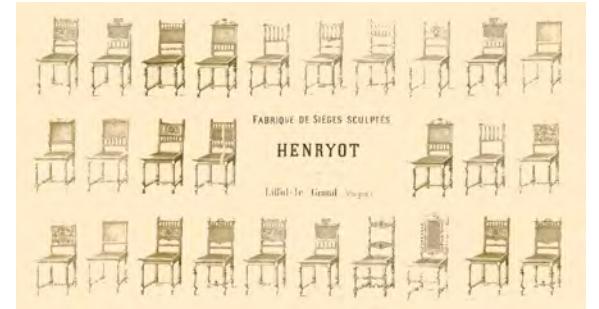

A l'exemple des plus belles Maisons de Haute-Couture et des derniers ateliers Français de broderie, de plume, ou de passementerie... Henryot & Cie, est une manufacture de meuble et de siège de tradition et d'exception.

Elle est la gardienne d'un savoir-faire unique depuis 1867. Réédition, réinterprétation, création contemporaine ou design, la fabrication de chaque siège, de chaque meuble est entièrement réalisée de manière traditionnelle et à la main en France, sur le site de Liffol-le-Grand dans les Vosges. Sous la Direction de Dominique Roitel, ancien élève de l'Ecole Boulle et héritier du fondateur de la Maison, notre société emploie aujourd'hui 60 salariés qui rassemblent plus de 17 savoir-faire et techniques différentes.

Henryot & cie, a reçu le label « Entreprise du Patrimoine vivant » qui récompense les entreprises qui se distinguent par une histoire et un patrimoine séculaire, des capacités d'innovation et des savoir-faire rares. Elle est membre du groupement des Ebénistes et sièges d'art à l'Unifa Paris.

Parfaitemen ancrée et engagée dans le 21^{ème} siècle, Henryot & cie s'inscrit dans une vraie démarche de développement durable (choix des bois, traitement des déchets, dimension sociale, etc.) De Paris à New-York, de Moscou à Dubaï, la manufacture Henryot & Cie exporte aujourd'hui ses réalisations et ses propres créations à travers le monde entier. Celles-ci habillent les lieux les plus prestigieux, publics ou privés.

Starck, Pinto ou Garcia..., les plus grands architectes et designers ont choisi notre manufacture pour donner vie à leurs créations.

LUXURY, EXCEPTION AND TRADITION

Established at Liffol-le-Grand in the Vosges, the chair manufacturer Henryot & Cie has inherited the know-how of four generations of master cabinetmakers, carvers and upholsterers. The same inspiration continues to influence our collections of chairs today. Using the same gestures of the past, together with the same rigour, these artists - experts in the techniques of crafting and restoring - are preserving an inheritance that has travelled down through the years and is becoming ever richer with new lines. The tools alone have changed. Henryot & Cie has kept the spirit of an authentic chair manufacturer : this is its duty of recollection.

производства 4-х поколений мастеров-краснодеревщиков, резчиков по дереву и драпировщиков.

Наша история вдохновляет и оказывает влияние на наши коллекции сегодня. Мы используем точно такие же способы производства, как и раньше. Наши искусные мастера владеют лучшими техниками производства и реставрации предметов мебели – они сохраняют историческое наследие, которое мы пронесли с собой через все годы существования нашей мануфактуры. Наследие, которое становится всё богаче с каждым днём, благодаря нашим новым коллекциям. Единственная инновация, которую мы себе позволили – это современные инструменты.

"Henryot & Cie" тщательно бережет свой аутентичный дух производителя стульев и кресел – это наш долг и память.
